

Soaring Summertime Sales

NORMAN, OK

KIDOODLES TOY ZONE

What began as a small office supply and furniture retail business in 1983 has since grown to include educational toys. Owner Lin Copelin, who also runs the adjoining Copelin's Office Center and Copelin's Teaching Tools, notes the favorites with her diverse customer base of parents, grandparents and teachers:

Bling swimming goggles from Bling 20

Sky Scrapers from Aeromax

Smakaball from Smakaball

Dragon Wings, Rainbow Fairy and Ladybug Wings from Douglas Cuddle Toys

Rubberband Guns from Magnum Enterprises

Every summer, the store holds Teacher Appreciation Day during which educators are treated to refreshments, prizes, games and special discounts on product. An active member in this Midwestern community, Kidoodles recently set up a donation account for local schools and teachers impacted by the recent tornados in nearby Moore, OK. "The devastating tornadoes affected two schools and 1,200 students, so we set up accounts at copelins.com and kidoodlestoyzone.com...to help them rebuild their classrooms for which they had spent so much of their money," notes Copelin.
